Reflection for Monday 15th June

Psalm 104 is a song of praise and adoration for God as Creator. The Psalm follows the creation account in Genesis 1 and expresses the presence of God in all that is as good. The psalm calls us to rejoice in the creation of all that is called into being through the breath of God. This includes humanity. Knowing that we have been created by God for relationship with God, means we have security, purpose, significance, responsibility and love in a mysteriously painful and joyous world. God as Creator reminds us that all creation is interconnected in God’s love. I walk the river and local bush most mornings and it makes my heart and soul sing.

But what do we think of Creator God in times of flood and fire and drought, death and disease? Nature can seem cruel and uncaring. This is when we look to the story of Jesus, the one who walked with us through all that is. It’s his life that reminds us that even through cruelty and darkness and death, God is and God loves.

Prayer.
Every creature, every plant, every rock and grain of sand proclaims the glory of its Creator, worships through colour, shape, scent and form.

A multi-sensory song of praise. Creator God, may we join with the whole of your creation, in praising you, our Creator, through the fragrance and melody of our lives. Amen
